# fabulus makeup collections....

This Autumn we are launching our **fabulus** new makeup collections. We have collections for face, eyes, cheeks and lips. Our Classic Lip Collection features some very sexy Lipglass colours. Our lipsticks are enriched with anti-oxidants, Vitamin E and other lip pampering emollients. Our Jewel and Goddess Mineral Diamond Gloss Collection is a winner and our Hint of Mint Baby Doll, Lavender, Lace and Cupid glosses are good enough to eat. We have brow definers, moisture base liquid foundations, pro-finish anti-oxidant wet or dry foundation compacts, concealers, an anti-oxidant eye base and blushers that will make your cheeks glow. In our mineral range we have, liquid foundations, tinted face primer, waterproof eye brow pencils, but wait.....there's more...

Our makeup collections are **fabulus** for two reasons, we can supply you at prices that will allow you to put an 80 to 100% mark-up on your retail products and we can also offer you the opportunity to purchase our makeup collections and "own brand" them. Even better, you don't need to purchase the entire range to be able to stock this top brand range.

Call us now on 0508 367 232 and increase your salon turnover.

Don't be fooled by Imitations.....

Adam and Eve Lust Hot Beaded Wax is New Zealand's best selling Wax because it's simply the best hot beaded wax available.

Used in salons worldwide, Lust has been specifically formulated for Brazilian waxing. It removes the hair first time—every time!

Lust sticks to the hair not to the skin, making waxing less painful.

Extremely pliable and pleasantly scented, Lust can be used at low working temperatures.

Lust remains flexible for longer so it is easy to remove.

The pretty pale pink beads are designed for delicate areas and sensitive skin.
